Guilds of Children's Hospital Central California

In 1949 five young women saw a need for a dedicated pediatric hospital in Central California.

As these five women moved forward with their vision of creating a children's hospital, so emerged the idea of a "guild" system. They believed the communities the hospital would serve should financially support the hospital. Sixty years later, the Guilds have raised more than 20 Million dollars.

The Los Niños Hispanic Guild History

In 2008, the Los Niños Hispanic Guild became one of the newest non-profit organizations in the Guild family. Our purpose is to increase awareness of the financial support needed for Children's Hospital Central California among the Hispanic public and those businesses wishing to do business with the Hispanic community. Currently we have a co-ed membership of nearly 40 members with a nine member board of directors.
